StitchCheck helps budget travelers understand the hidden risk of stitching two separately purchased flight tickets. This is a demo walkthrough with a demo itinerary; live provider processing is used where explicitly labelled.

StitchCheck — Safety Notice

Sample documents only. No booking, payment, reservation, or order is created. Search is read-only.

- Do not upload real documents.
- All screenshots must be sample images, not real bookings.
- No booking, payment, reservation, or order will be created.

Atlas Sandbox Search/Verify was verified separately. Nosana uses a local fallback in this walkthrough.
